CHAPTER 1105 Review Procedures

1105.09 ZONING PERMIT.

(a) Purpose. A zoning permit shall be required in accordance with the provisions of this section in order to ensure that proposed development complies with the standards of this code, and to otherwise protect the public health, safety, and general welfare of the citizens of the City.

(b) Applicability.

(1) No building or other structure shall be erected, moved, altered or added to, nor shall any building, structure or land be used or changed in use without a zoning permit issued by the Zoning Inspector. A change in tenancy or ownership of a residential dwelling unit shall be exempt from the zoning permit requirement.

(2) A zoning permit may be required for the establishment of certain temporary or accessory use as established in Chapter 1111: Accessory and Temporary Use Regulations.

(3) The use of vacant land shall require the issuance of a zoning permit.

(4) Unless otherwise specifically exempted in Section Chapter 1119: Signs, signs shall require

a zoning permit.

(5) Zoning permits shall be issued only in conformity with the provisions of this code unless the application is subject to an approval by the BZBA or Planning Commission providing for additional standards, conditions, or modifications, in which case, the zoning permit shall be issued in conformity with the provisions of those approvals, as applicable.

(6) Failure to obtain a zoning permit shall be a violation of this code subject to the provisions of Chapter 1129: Enforcement and Penalties.

(c) Terminology and Simultaneous Review.

(1) For the purposes of this code, the zoning permit review shall be an administrative review that may be applied to permits or certificates of other names (e.g., sign permits, temporary use permits, etc.) if stated in this code. In such cases, the procedure of this section shall still apply.

(2) Where a zoning permit or similar administrative permit is required in addition to a building permit, such permits may be reviewed simultaneously under the building permit application.

(d) Zoning Permit Review Procedure. The review procedure for a zoning permit shall be as follows:

(1) Step 1 - Application. The applicant shall submit an application in accordance with Section 1105.01: Common Review Requirements, and with the provisions of this section.

(2) Step 2 - Zoning Inspector Review and Decision.

A. The Zoning Inspector may distribute the application to other staff members and other City departments to solicit comment on the zoning permit application.

B. For any zoning permit application for development or applicable activities in a special flood hazard area, the City Engineer shall be required to also review and make a decision on the zoning permit application as it relates to any flood-related regulations. If the City Engineer recommends denial based on flood-related regulations, such recommendation shall be made to the Zoning Inspector who shall not approve the application.

C. Within thirty (30) days after the application is determined to be complete, the Zoning Inspector shall make a decision either approving or denying the permit application. An extension on the decision may be granted with approval from the applicant. Where the proposed development is within a special flood hazard area, the City Engineer shall be required to make a decision within the same timeframe.

D. Prior to finalizing approval of the application, the Zoning Inspector shall have the authority to provide comments to the applicant regarding necessary revisions to bring the application into full compliance. The application shall not be deemed formally approved until the applicant makes all of the appropriate changes and submits all necessary revised forms, maps, and documents to the Zoning Inspector.

(e) Review Criteria. In order to approve any zoning permit, the Zoning Inspector shall determine the following:

(1) The application complies with all applicable provisions of this code and the applicable zoning district; and

(2) The application complies with all approved plans, conditions, or other development approvals.

(f) Time Limit and Abandoned or Suspended Work.

(1) The applicant shall obtain an approved building permit, and begin construction, within one (1) year of the date the zoning permit is approved or the approval shall be revoked. The date of approval shall be the date the Zoning Inspector provides a signed copy of the permit to the applicant.

(2) For activities that do not require a building permit, the activity shall have been substantially begun within one (1) year of approval and is thereafter pursued to completion, as determined by the Zoning Inspector.

(3) The deadlines in paragraph (1) or (2) may be reduced if the work is mandated by this code or by order of the Zoning Inspector, Director of Public Service, or BZBA. In such cases, the deadline for construction shall be noted on the zoning permit.

(4) Time limits for permitted temporary uses and structures shall be as authorized in Section 1111.02: Temporary Uses and Structures. An approval of a zoning permit for a temporary use shall include the approved start and end dates for the proposed temporary use.

(5) If construction activities for which a zoning permit has been issued are abandoned or suspended for a period of six (6) months after the time of commencing the work, the zoning permit approval shall be revoked. Abandonment shall be defined as the lack of building activity or progress towards achieving the scope of work defined in the zoning permit.

(6) Upon written request, up to two extensions of six (6) months may be granted by the Zoning Inspector if the applicant can show good cause for a delay.

(7) The Zoning Inspector shall notify the application of the revocation of a zoning permit including notice that further work as described in the canceled permit shall not proceed unless and until a new zoning permit has been obtained or extension granted.

(8) Upon revocation of a zoning permit approval, a new application, including all applicable fees, shall be required before a new zoning permit application will be reviewed.

(9) The above time limits shall not apply if alternative time limits have been approved by Planning Commission or City Council as part of a site plan or Planned Residential Development approval.

(10) For the purposes of this section, construction is deemed to have begun when all necessary excavation and piers or footings for one or more principal buildings included in the plan shall have been completed.

(g) Revoking a Zoning Permit. A zoning permit shall be revocable, if among other things, the actual development activity does not conform to the terms of the application and permit granted thereon. In the event of the revocation of a permit, an appeal may be taken to the BZBA in accordance with Section 1105.10: Appeals, of this code.

(h) Appeals. Any person or entity claiming to be injured or aggrieved by any final action of the Zoning Inspector shall have the right to appeal the decision to the BZBA as established in Section 1105.10: Appeals.

(Ord. 26-22. Passed 4-26-22.)

This material shall constitute the record of the appeal.

A. The BZBA shall hold a public hearing on the variance application at its next regularly scheduled meeting, or at a special meeting, after the appeal has been filed with the Zoning Inspector.

B. Notification of the public hearing shall be provided in accordance with Section 1105.01(i): Public Notification for Public Hearings.

F. The decision of the BZBA shall become effective immediately.

(f) Stay. A properly submitted appeal shall stay all administrative proceedings by the City in furtherance of the action appealed, unless the Zoning Inspector certifies to the BZBA that a stay would cause imminent peril to life or property, in which case the administrative proceedings shall not be stayed unless a restraining order is granted by the BZBA or by a court of competent jurisdiction, for good cause shown.
