(b) A general term denoting land, property, or the interest therein, usually in the configuration of a strip, acquired for or devoted to transportation purposes. When used in this context, “right-of-way” includes the roadway, shoulders or berm, ditch, and slopes extending to the rightof-way limits under the control of the state or local authority.

“Roadway” means that portion of a highway improved, designed, or ordinarily used for vehicular travel and parking lanes, not including the berm, sidewalk, or shoulder, even if the berm, sidewalk, or shoulder is used by a person operating a bicycle or other human-powered vehicle. If a highway includes two or more separate roadways, the term means any such roadway separately but not all such roadways collectively.

The term does not include any of the following:

(a) A bus operated by a municipally owned transportation system, a mass transit company operating exclusively within the territorial limits of a municipal corporation, or within such limits and the territorial limits of municipal corporations immediately contiguous to such municipal corporation, nor a common passenger carrier certified by the public utilities commission unless such bus is devoted exclusively to the transportation of children to and from a school session or a school function;
